RE:   In the Matter of an Inquiry into Actions by Electric and Natural Gas Utilities in Light of the COVID-19 Pandemic Emergency

Docket No. E,G-999/CI-20-375

Dear Mr. Seuffert and Ms. Burdette:

CenterPoint Energy Resources Corp., d/b/a CenterPoint Energy Minnesota Gas (“CenterPoint Energy” or the “Company”) respectfully submits this response to the March 25, 2020, letter from the Minnesota Public Utilities Commission and Department of Commerce regarding “Responsive Measures to the Outbreak of COVID-19.”

In the letter, the agencies request utilities to commit to three voluntary actions for the duration of the national security or peacetime emergency caused by the COVID-19 outbreak:

1) Extend protections of Minnesota’s Cold Weather Rule (“CWR”) provided under Minnesota Statutes section 216B.096 by restricting disconnection of residential customers for non-payment of utility bills and reconnecting customers who have been disconnected;
2) Waive late fees that any residential or small business customer incurs because of the economic circumstances related to the coronavirus pandemic; and
3) Arrange payment plans for customers requesting help during this time that are based on the financial resources and circumstances of the customer.

The Company responds to each request below.
I.   Extend Protection of Minnesota’s CWR

The Company ceased disconnecting residential customers for non-payment earlier this month and will continue to suspend residential disconnections for non-payment for the duration of the national security or peacetime emergency in Minnesota, declared via Executive Order 20-01 issued March 13, 2020, by Governor Tim Walz.

II.  Waive Late Fees for Residential and Small Business Customers

Similarly, the Company began waiving late fees for residential and small business customers earlier this month and will continue waiving late fees for these customers during this crisis.

III. Arrange Payment Plans Based on Financial Circumstances

To mitigate the hardship caused by the emergency, the Company will continue to arrange payment plans for customers requesting help during this time based on the financial resources and circumstances of the customer.

IV. Conclusion

The Company notes that the temporary practices described herein require certain deviations from our tariff, such as the specified late payment charges for delinquent amounts.\(^1\) The Company will suspend the implicated tariff parameters during the time emergency measures are in place, and will revert to normal practice per the tariff when the peacetime emergency has been lifted.

CenterPoint Energy is committed to supporting our customers, communities, and employees during this unprecedented emergency and we thank the Commission and the Department for their letter dated March 25, 2020. Please feel free to contact me at 612-321-4625 or amber.lee@centerpointenergy.com with any questions.

Sincerely,

/s/ Amber S. Lee
