

**Line 3 Replacement Project**  
**PERMIT COMPLIANCE FILING**

---

**Permittee:** Enbridge Energy, Limited Partnership

**Permit:** Route Permit

**Docket No.:** PL-9/PPL-15-137

**Permit Section:** Section 4.2 – Permit Distribution to Affected Landowners  
Section 4.4.1 – Field Representative  
Section 4.4.4 – Agricultural Monitor and County Inspector Notification Requirements  
Section 5.1 - Notification

**Date of Submission:** Update November 10, 2020

---

Enbridge Energy, Limited Partnership (“Enbridge”) submits this compliance filing under Sections 4.2 (Permit Distribution to Affected Landowners), 4.4.1 (Field Representative), 4.4.4 (Agricultural Monitor and County Inspector Notification Requirements), and 5.1 (Notification) of the Route Permit.

On November 6, 2020 (accepted November 9, 2020), Enbridge filed an affidavit demonstrating compliance with the requirement that Enbridge provide educational materials about the Line 3 Replacement Project (the “Project”) and any restrictions or dangers associated with the Project to affected landowners within the route whose land is crossed by the Project. *See* Compliance Filing (eDocket No. [202011-168125-01](#)).

On November 10, 2020, Enbridge mailed a printed copy of the October 26, 2020 Pipeline Routing Permit, complaint procedures, maps of route modifications, the estimated date for the start of construction, and information concerning mitigation plans to affected landowners or designees and known tenants within or adjacent to the designated pipeline route. The letter to landowners also provided the designated field representative’s contact information, as well as the name, telephone number and email address of the third-party Agricultural Monitor, approved by the Minnesota Department of Agriculture, and County Inspectors designated by the County. The Affidavit of Mailing, with the letter and service list are included with this filing.

AFFIDAVIT OF MAILING

**In the Matter of the Application of Enbridge Energy, Limited Partnership for a Pipeline Route Permit for the Line 3 Replacement Project in Minnesota from the North Dakota Border to the Wisconsin Border**

Re: Enbridge Line 3 Replacement Project  
Minnesota Public Utilities Commission Pipeline Routing Permit  
MPUC Docket No. PL-9/PPL-15-137

Dear Landowner:

You are receiving this letter because you are a landowner, designee or known tenant that is within or adjacent to the designated route of the Line 3 Replacement Project (the “Project”). This letter contains several important notices. Please review it carefully.

**Pipeline Routing Permit**

On May 1, 2020, the Minnesota Public Utilities Commission (“Commission”) issued a Pipeline Routing Permit to Enbridge Energy, Limited Partnership (“Enbridge”) for construction of the Project. The May 1, 2020 Routing Permit, complaint handling procedures, applicable maps of the designated route, information concerning mitigation plans, and clarification of permit precedence were previously provided to you via letter dated June 2020.

On October 26, 2020, the Commission issued an Order Modifying Route and Permit Conditions to Enbridge for construction of the Project. The October 26, 2020 Order and Permit modifies the Routing Permit to incorporate route modifications and add conditions pertaining to light pollution, landscaping, and administration of the Public Safety Escrow Account, and other minor changes. Unless your property is located along one of the route modifications enclosed, the route has not changed from the route depicted on the maps you received in June 2020.

Enclosed with this letter are the following documents:

1. A copy of the October 26, 2020 Pipeline Routing Permit;
2. Maps of Route Modifications; and
3. Complaint Procedures.

**Mitigation Plan and Other Information**

The Routing Permit requires development of certain other mitigation plans, which will be filed with the Commission prior to the start of construction. Those plans will be available on the Commission’s eDockets website at:

**<https://www.edockets.state.mn.us/EFiling/edockets/searchDocuments.do?method=showEocketsSearch&showEdocket=true&userType=public>** by using the docket number provided above (15-137), and they will also be posted on Enbridge’s website at **<http://www.enbridge.com/line3us>**.

The Project will be constructed in accordance with the Permit, which takes precedence over any easement agreements, and applicable mitigation plans.

**Start of Construction**

Enbridge is now conducting staking surveys along the pipeline route as well as other preconstruction activities. We are estimating construction on or near your property will start on approximately November 30, 2020.

Updates regarding the Project, including the Project's construction schedule will be available on the Enbridge company website, <http://www.enbridge.com/line3us>. In addition, Enbridge will submit regular construction status updates to the Commission at the eDockets website, as identified above.

**Contact Information**

Enbridge will be working hard to ensure open lines of communication and adherence to all regulatory requirements during construction. However, should you have any complaints or concerns regarding site preparation, cleanup or restoration or other route and associated facilities permit conditions, please contact Jason Risdall at:

Jason Risdall  
Supervisor, Regulatory Affairs  
Enbridge  
11 E Superior Street, Suite 125  
Duluth, MN 55802  
Phone: 218-522-4705  
Email: [jason.risdall@enbridge.com](mailto:jason.risdall@enbridge.com)

As required by the Routing Permit, Enbridge has designated a field representative who has responsibility to oversee compliance with the conditions of the Routing Permit during construction. The field representative's contact information is:

Barry Simonson  
11 E Superior Street, Suite 125  
Duluth, MN 55802  
Office: 218-522-4825  
Alternate: 1-866-331-3493  
Emergency: 218-269-0483  
Email: [barry.simonson@enbridge.com](mailto:barry.simonson@enbridge.com)

Contact information for the third-party agricultural monitors, approved by the Minnesota Department of Agriculture, and the county inspectors that have been identified to date is provided in the attached table.

Should any of this contact information change during construction or restoration, the updated contact information will be available on Enbridge's website, <http://www.enbridge.com/line3us> and submitted to the Commission at the eDockets website, as identified above.

Enbridge appreciates your cooperation and patience as we move forward. If you have any questions related to the Project or the Permit, please do not hesitate to call our Line 3 Replacement Project landowner's toll-free number at 866-331-3493. Enbridge looks forward to working with you as we construct and operate the Line 3 Replacement Project.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Rich Kern', written over a light blue rectangular background.

Rich Kern  
Supervisor Lands & ROW Liquids Projects US
